5. **EVA BUSINESS-TO-GOVERNMENT ELECTRONIC PROCUREMENT SYSTEM:** The eVA internet electronic procurement solution, web site portal eva.virginia.gov, streamlines and automates government purchasing activities within the Commonwealth. Radford University, and other state agencies and institutions, have been directed by the Governor to maximize the use of this system in the procurement of goods and services. We are therefore requesting that your firm participate in the eVA Internet e-procurement solution by completing the free eVA Vendor Registration as a **self-registered** vendor.

There are transaction fees involved with the use of eVA. These fees must be considered within the provision of quotes, bids, and price proposals offered to Radford University. Registration in the eVA system is accomplished on-line. Your firm must provide the necessary information. Please visit the eVA website portal at <https://eva.virginia.gov/register-now.html> and register with eVA. 6. **CONTRACT PARTICIPATION-COOPERATIVE PURCHASING/USE OF AGREEMENT BY THIRD PARTIES**

Under the authority of §6 of the Rules Governing Procurement of Goods, Services, Insurance and Construction by a Public Institution of Higher Education of the Commonwealth of Virginia (see <https://vascupp.org/rules.pdf>), it is the intent of this solicitation and resulting contracts to allow for cooperative procurement. Accordingly, any public body, public or private health or educational institutions or lead issuing institution's affiliated corporations may access any resulting contract if authorized by the Contractor.

Participation in this cooperative procurement is strictly voluntary. If authorized by the Contractor, the resultant contract may be extended to the entities indicated above to purchase at contract prices in accordance with the contract terms. The Contractor shall notify Radford University in writing of any such entities accessing the contract. No modification of this contract or execution of a separate contract is required to participate; however, the participating entity and the Contractor may modify the terms and conditions of this contract to accommodate specific governing laws, regulations, policies, and business goals required by the participating entity. Any such modification will apply solely between the participating entity and the Contractor. The Contractor will provide semi-annual usage reports for all entities accessing the contract. Participating entities shall place their own orders directly with the Contractor and shall fully and independently administer their use of the contract to include contractual disputes, invoicing and payments without direct administration from Radford University. Radford University shall not be held liable for any costs or damages incurred by any other participating entity as a result of any authorization by the Contractor to extend the contract. It is understood and agreed that Radford University is not responsible for the acts or omissions of any entity and will not be considered in default of the contract no matter the circumstances.

Refer to **Attachment C**, Zone Map, if the Offeror wishes to submit a separate pricing structure based on approved zones for cooperative institutions. If no other prices are offered, pricing provided will apply to all zones in the Commonwealth of Virginia. If you wish to provide pricing for a zone other than which this solicitation originated, please indicate you are doing so in the response. If you anticipate pricing differentials for different zones, a separate pricing sheet must be submitted for each zone that includes appropriate pricing for that zone.

Use of this contract does not preclude any participating entity from using other contracts or competitive processes as the need may be.

7. **CONTRACT ADMINISTRATION:** Radford University assigns Contract Administrators to each contract awarded. The Contract Administrator shall be the initial point of contact for the Contractor. Contract Administrators are charged with ensuring the terms and conditions of the contract are followed, payments are made in accordance to the contractual pricing schedule, and reporting noncompliance issues to the Procurement and Contracts Department at Radford University. Contract Administrators **do not** have the authority to authorize changes and/or modifications to the contract.  - b. This file should be clearly labeled or marked **“Redacted Copy.”**

B. PROPOSAL PREPARATION:

1. **Sign and Complete**: Proposals shall be signed by an authorized representative of the Offeror. All information requested should be submitted. Failure to submit all information requested may result in Radford University requiring prompt submission of missing information and/or giving a lowered evaluation of the proposal. Proposals which are substantially incomplete or lack key information may be rejected by Radford University. Mandatory requirements are those required by law or regulation or are such that they cannot be waived and are not subject to negotiation.
2. **Concise & Clear**: Proposals should be prepared simply and economically, providing a straightforward, concise description of capabilities to satisfy the requirements of the RFP. Emphasis should be placed on completeness and clarity of content.
3. **Organization**: Proposals should be organized in the order in which the requirements are presented in the RFP. All pages of the proposal should be numbered. Each paragraph in the proposal should reference the paragraph number of the corresponding section of the RFP. It is also helpful to cite the attachment, paragraph number, sub letter, and repeat the text of the requirement as it appears in the RFP. If a response covers more than one page, the paragraph number and sub letter should be repeated at the top of the next page. The proposal should contain a table of contents, which cross-references the RFP requirements. Information which the Offeror desires to present that does not fall within any of the requirements of the RFP should be inserted at an appropriate place or be attached at the end of the proposal and designated as additional material. Proposals that are not organized in this manner risk elimination from consideration if the evaluators are unable to find the RFP requirements are specifically addressed.
4. **Word Usage**: As used in this RFP, the terms “must”, “shall”, “should” and “may” identify the criticality of requirements. “must” and “shall” identify requirements whose absence will have a major impact on the suitability of the proposed solution. Items labeled as “should” or “may” are highly desirable, although their absence will not have a large impact and would be useful, but are not necessary. Depending on the overall response to the RFP, some individual “must” and “shall” items may not be fully satisfied, but it is the intent to satisfy most, if not all, “must” and “shall” requirements. The inability of an Offeror to satisfy a “must” or “shall” requirement does not automatically remove that Offeror from consideration; however, it may seriously affect the overall rating of the Offeror's proposal.
5. **Binding**: The original proposal should be bound or contained in a single volume where practical. All documentation submitted with the proposal should be contained in that single volume.
6. **Ownership**: Ownership of all data, materials and documentation originated and prepared for Radford University pursuant to the RFP shall belong exclusively to Radford University and be subject to public inspection in accordance with the Virginia Freedom of Information Act. Trade secrets or proprietary information submitted by an Offeror shall not be subject to public disclosure under the Virginia of Freedom of Information Act. However, to prevent disclosure the Offeror must invoke the protections of Section 2.2-4342F of the Code of Virginia, in writing either before or at the time the data or other materials is submitted. The written request must specifically identify the data or other materials to be protected and state the reasons why protection is necessary. The proprietary or trade secret material

submitted must be identified by some distinct method such as highlighting or underlining and must indicate only the specific words, figures, or paragraphs that constitute trade secret proprietary information. The classification of an entire proposal document, line-item prices and/or total proposal prices as proprietary or trade secrets is not acceptable and may result in the rejection of the proposal.

7. **Legal Agreement:** Unless noted in the proposal, a signed and submitted proposal certifies that the firm's principals or legal counsel has reviewed the Request for Proposal General Terms and Conditions and the Special Terms and Conditions and agrees that these provisions will become a part of any final agreement, and that the principals or legal counsel has reviewed and approved the firm's entire proposal prior to submission to the University.

- C. **ORAL PRESENTATIONS:** Offerors who submit a proposal in response to this RFP may be invited to give an oral presentation of their proposal to Radford University. This will provide an opportunity for the Offeror to clarify or elaborate on the proposal but in no way will change the original proposal. The University will schedule the time and location of these presentations. Oral presentations may be conducted at the option of Radford University; therefore, proposals should be complete.

13. OPTIONAL PRE-PROPOSAL CONFERENCE

- A. An optional pre-proposal conference will be held **January 22, 2025, at 3:00 PM (EST)** in the Procurement and Contracts Conference Room #231 located in the Armstrong Complex. The street address is 501 Stockton Street, Radford, VA 24142.
